Declaration of Surplus Teachers

Principals will be informing surplus teachers of their status on Wednesday, April 27. This should take place in a meeting that includes the Branch President and be followed up with a letter.

Members should be informed of the recall process. If any spot opens up in your school then your principal will offer the position to the teachers on the recall list according to seniority. This does not depend on qualifications. Even if a surplus teacher finds a job elsewhere through transfer rounds, they do not give up their right to recall and can return to their school if a position opens up. The right to recall continues until the end of June.

The staffing timeline that includes the dates of postings can be found at the end of this memo. It is a compressed timeline with rounds 1, 2, and 2.1 and postings being live for 3 days.

If surplus teachers do not secure a position on their own through transfer they will be placed in a position and informed by May 31st.

Being declared surplus can be a stressful experience. Both District 13 and the DDSB are interested in supporting members to find positions. Members can rest assured that there is a position for them somewhere in the Board. Please feel free to reach out to your Branch President or the District Office for support or with questions.
